I was in the toilet room... seeing Nathan with the girl... I just wanted to help her... and then?

The next second I'm back in the classroom! That was so scary!

When I went back to the toilets, I raised my arm again - and I REALLY am able to rewind the time! I saved the girl, but I'm really freaking out? I still don't believe it! I can REWIND the time!

Friendship

While driving in Chloe's car the girls talk to each other. Chloe isn't happy. Why?

Answer in full sentences.

Chloe isn't happy because Max didn't text or called when she was in Seattle. By behaving like that she hurt Chloe's feelings.

Do you think they can become best friends again? Why or why not?

Answer in full sentences.

I hope that they will be best friends again. I think Max really needs Chloe back because at Blackwell she doesn't have lots of friends. Also Chloe already lost another friend so I think she needs her friend back in her life, too.

Rachel

In Chloe's room she tells Max about Rachel gone missing. What do you think could have happened to Rachel? Write down your ideas in full sentences.

Write down your ideas in full sentences.

Chloe tells Max that Rachel has met someone. I think it's possible that she left Arcadia Bay with that person.

Also she could have been bullied at the Academy and just wanted to escape from all that bullying.

1) What job does Chloe's stepdad have?

I think that Max and Chloe will work together
to stop the tornado of hitting Arcadia Bay
and destroying everything.
And because they will work together they
will even more remember how close they were
five years ago so they will be best friends

again.

They will definitely solve the mystery of Rachel gone missing. I think Rachel disappeared because she didn't feel comfortable in Arcadia Bay anymore and wanted to get away from all the bullying there.

Also I think that Nathan will be in big trouble because the headteacher finds out that he sells drugs on the campus and that Max' story with him pointing a gun towards Chloe is right. And I think that even his parents won't be able to help him then.

Also there must be something up with Victoria and her bullying. Although she knows a lot about Arts she still has to bully other people.
